Article 4. Relationship with the Code

The Policy contains special regulations applicable in case of allegations regarding sexual or other harassment. Thus, in questions not regulated by the Policy, the provisions of the Code shall be applicable and, to the extent of any conflict, the provisions of the Policy will apply and supersede the Code.

Article 5. Scope

- 5.1. This Policy applies to all areas of University operations and programs.
 - 5.1.1. - 6.2. Regarding additional questions of subject matter, personal jurisdiction and application, Article 4 of the Code shall be applicable *mutatis mutandis*.

Section II. HARASSMENT

Article 7. Nature of prohibited conduct

- 7.1. Definition of Harassment
 - 7.1.1. For the purposes of this Policy, harassment is a conduct which, because of its severity and/or persistence:
 - is likely to violate another person's dignity;
 - has the purpose or effect of creating an offensive, degrading, intimidating, or hostile environment; and/or
 - has the purpose or effect to interfere significantly with an individual's ability to participate in, and/or benefit from, their educational or working environment by negatively affecting the person physically and/or emotionally.

Sexual harassment is a particular form of harassment described in Article 7.2.

- 7.1.2. Harassment can include uninvited or unwelcome physical, verbal or non-verbal conduct directed at an individual's or a group of individuals' supposed or actual nationality, race,

ethnicity, colour, language, age, sex, sexual orientation, gender identity and expression, religion, cultural identity, social origin, socioeconomic status, educational level, disability, genetic trait, mental or physical health condition, or any similar ground.

7.1.3. Examples of harassing conduct may include instances, but are not limited to:

- a) acts of violence, stalking, unwelcome physical touch, physical, verbal, or written threats;
- b) offensive or inappropriate comments or body language, including insults, mocking, jokes or gestures, malicious rumours or open hostility;
- c) blocking or impeding an individual's normal movement, physical attacks, assault or battery;
- d) insulting, abusive, embarrassing or patronising behaviour or comments;
- e) humiliating, intimidating, and/or demeaning criticism;
- f) shouting at, swearing at, disparaging or intimidating an individual;
- g) constantly criticising an individual without providing constructive support to address any performance concerns;
- h) intrusion into their personal life;
- i) persistently overloading an individual with work that they cannot reasonably be expected to complete or requiring them to undertake work far below their capacity/role;
- j) posting offensive comments on electronic media, including using mobile communication devices;
- k) threatening to disclose, or disclosing, a person's sexuality or disability to others without their permission;
- l) deliberately using the wrong name or pronoun in relation to a transgender person, or persistently referring to their gender identity history;
- m) isolation from normal work or study place, conversations, or social events;
- n) publishing, circulating or displaying racist, sexist, homophobic or otherwise offensive pictures or other materials;
- o) belittling or denying attempts to address harassing behaviour, threatening or undertaking retaliation against any efforts to address harassing behaviour, gaslighting;
- p) incidents of sexual harassment, as defined below.

7.2. Definition of Sexual Harassment

7.2.1. Sexual harassment is a particular form of harassment with specific distinguishing characteristics. Conduct that constitutes sexual harassment can be verbal, visual or physical. It may be direct or explicit or it may be inferred from the conduct, circumstances and relationship of the individuals involved.

7.2.2. Sexual harassment **generally** consists of unwelcome or non-consensual sexual advances, explicit or implicit requests for sexual favours, or other verbal or physical conduct of a sexual nature **when**:

- such conduct has the purpose or effect of creating an offensive, intimidating, or hostile environment; or
- such conduct has the purpose or effect of interfering with an individual's work, academic performance, or status; or
- submission to or rejection of such conduct is an explicit or implicit term or condition of education, employment, or participation in other University activities; or
- submission to or rejection of such conduct is used as a basis for an employment, academic, or research decision affecting the individual.

7.2.3. Examples of sexual harassment may include, but are not limited to the following:

- (a) criminal acts such as stalking, sexual assault or rape;
- (b) a supervisor or professor promising a raise, a better grade or other study or work-related benefit in exchange for sexual contact;
- (c) repeated, unwanted attempts to change a professional relationship to a personal relationship;
- (d) unwelcome attention of a sexual nature after requesting that the attention be stopped;
- (e) ongoing use of offensive language or discussions of a sexual nature that creates a hostile or offensive environment;
- (f) displaying graphic pictures with sexual content that create a hostile or offensive working or living environment;
- (g) whistling, touching, or other repeated unwanted flirtation;
- (h) repeated sexual comments, jokes or questions;
- (i) intrusive comments or questions about the individuals sex life;
- (j) repeated joking or teasing about sexual orientation;
- (k) repeated joking or teasing about other peoples' bodies;
- (l) secretly photographing under the skirt ("upskirting").

7.3. Intent

7.3.1. The intentions of the alleged harasser are not determinative of whether harassment has taken place. Harassment does not need to be intentional to be considered harassment. The perception of the Complainant and the extent to which that perception is in all the circumstances reasonable will also be relevant. The occurrence of harassment will be determined based on a two-step "subjective/objective" test that explicitly considers both the perspective of the person who suffered harassment and of a reasonable person similarly situated to him or her.

7.3.2. The fact that such behaviour may not have been unwelcome to others or had been an accepted feature of the work and educational environment in the past is irrelevant. The Complainant does not need to have explicitly stated that the behaviour was unwanted for it to be considered harassment. Being under the influence of alcohol, drugs or otherwise intoxicated is not an excuse for or defence to harassment.

Article 8. Conflict of Interest and Sexual Conduct among Members of the University Community, Contractors and Externals

8.1. In contrast with sexually harassing conduct, sexual activity among consenting adults within the University Community, Contractors and Externals is, in general, a private matter beyond the legitimate interests of the University. There are occasions, however, when the interests of the University may be seriously implicated in these relationships, particularly where the University relies on members of the community to make judgments about others. If two people are in a sexual relationship and in a student/academic or teaching staff member or supervisee/supervisor relationship, then they must take steps to ensure that the conflict of interest created by such a situation is removed.

8.2. The academic or teaching staff member or supervisor must disclose the conflict of interest to their own supervisor - usually the Unit Head - and should ensure that they never evaluate alone the work performance of their current or former sexual or romantic partners. When an academic staff member or supervisor discloses a conflict of interest, they are required to supply only as much information as necessary to enable their supervisor to make appropriate decisions. The discussion needs not go into the character of personal relations.

It needs only establish that a personal relationship exists, and that it thereby gives rise to a conflict of interest. The discussion is confidential and will not be relayed to other members of the University Community except as may be required for decision-making in order to prevent a conflict of interest.

- 8.3. Ways to eliminate conflicts of interest may include, but are not limited to, transfer of supervisory, decision-making, oversight, evaluative, or advisory responsibilities to another member of the University Community or team of University Community members; or providing an additional layer of oversight to the supervisory role.
- 8.4. If the academic or teaching staff member or supervisor fails to take the above steps and a conflict of interest is created, this will be a violation of the present Policy.

Article 9. Academic Freedom

The University is committed to the principles of free inquiry and free expression, the pursuit of truth wherever it may lead, and to creating an environment that encourages the active exploration and exchange of ideas. This Policy is not intended to impair this freedom, nor will it be permitted to do so. Prohibited harassment, however, is neither protected expression nor the proper exercise of academic freedom.

Article 10. Retaliation

- 10.1. CEU seeks to protect any member of the University Community, Contractor or External from victimisation or retaliatory conduct.
- 10.2. CEU will regard as victimisation or retaliation any instance where a person is subjected to detrimental treatment because they have, in good faith:
 - a) made an allegation of harassment, or
 - b) indicated an intention to make such an allegation, or
 - c) assisted or supported another person in bringing forward such an allegation, or
 - d) participated in an investigation of a complaint, or
 - e) participated in any disciplinary hearing arising from an investigation, or
 - f) taken any other steps in connection with this Policy, or
 - g) is suspected of having done so.
- 10.3. Retaliation against an Ombudsperson for their work shall also be deemed a serious breach of this Policy.
- 10.4. Retaliation is a form of misconduct which will result in a disciplinary process. Anyone taking steps in connection with this Policy who feels they have been the subject of victimisation or retaliation should report it to a member of the Disciplinary Committee who will take the matter forward. Suspected retaliation may result in the imposition of Immediate Measures per the Code. Retaliation is viewed as a serious breach of CEU policy and sanctioned the same way as harassment or sexual harassment with due regard for the severity of the retaliatory conduct and/or impact on the individual.

Article 11. False Allegations

CEU recognizes that the question of whether a certain conduct constitutes sexual or other harassment requires a factual determination. CEU recognizes also that false accusations of harassment can have serious effects on innocent persons. If an investigation results in a finding that a person who has accused another of harassment has maliciously or recklessly made false accusations, the accuser will be subject to appropriate measures by the Disciplinary Committee according to the Code.

Section III. PROCEDURES

Article 12. Course of Action in case of Harassment

- 12.1. Any member of the University Community, Contractor or External who believes that they have been harassed or has witnessed any form of harassment is encouraged to take action in the ways provided for in this Policy.
- 12.2. Organizations recognized by CEU as being representative of a community, such as the Trade Union, Student Union or Work Councils can bring an informal or formal complaint in representation of a group of individuals whose allegations related to the same set of factual circumstances or the same Respondent. This may only be done with the express prior consent of those individuals being represented. The specific format for such representation shall be elaborated by way of a separate policy, developed by the ON and Disciplinary Committee in consultation with the Gender Equality Officer, Trade Union, Students Union and other relevant CEU representative bodies. This policy shall be published on the CEU website.
- 12.3. The Complainant, the Respondent and any witnesses will be treated fairly, with dignity and confidentiality, pursuant to Article 29 on Confidentiality.
- 12.4. The choices and preferences of the Complainant (and the subject of alleged harassment, if different) will be respected to the fullest extent possible in determining the appropriate course of action, bearing in mind the requirements for fairness in proceedings.

Article 13. Advice, Information, Counselling

- 13.1. Anyone may seek advice, information or counselling on matters related to harassment from one of the Ombudspersons.
- 13.2. Persons who feel they are being harassed or are uncertain as to whether what they are experiencing is harassment, and/or desire information as to their options in dealing with harassment are encouraged to talk with one of the Ombudspersons.

Article 14. Complaint Form

- 14.1. For all types of complaint listed in Article 15 below, a written complaint needs to be submitted in the manner indicated for each complaint type.
- 14.2. The complaint form can be found at Annex 1 to this Policy ("Complaint Form"), made widely available.

Article 15. Types of Complaints

- 15.1. The Complainant can choose to submit:
 - a) An anonymous disclosure (Article 16)
 - b) An informal complaint (Article 18)
 - c) A formal complaint (Article 20)

Article 16. Anonymous disclosures

- 16.1. Anonymous disclosures are intended to operate as signals towards CEU in cases when potential complainants do not feel comfortable to reveal their identity but would like to facilitate the identification of patterns of harassment. Such disclosures will be monitored by the Ombudspersons Network (ON) in order to prevent future harassment from occurring.

- 16.2. The person making the disclosure must fill out the Complaint Form in the CEU *SpeakApp* without disclosing their name, identifying the nature of the alleged harassment and the person alleged to be the harasser. The CEU *SpeakApp* is a secure and confidential method for informing the ON about any experience of harassment.

Article 17. Ombudspersons Network action based on anonymous disclosures

- 17.1. When three anonymous disclosures against the same person have been submitted, the ON will notify the alleged perpetrator with a template annexed to this Policy (Annex 2).
- 17.2. Individual anonymous disclosures will not normally serve as basis for investigative procedures and/or disciplinary sanctions. Exceptionally, severe cases (e.g. those potentially falling under criminal law) may require action from CEU ON and possibly the Disciplinary Committee to protect the interests of the University Community.

Article 18. Informal Complaints

- 18.1. An informal complaint is meant to resolve the harassment through a mediated resolution. As such it does not result in investigative procedures or in disciplinary sanctions. A Complainant can make an informal complaint if they do not want to immediately initiate a formal, investigative procedure by the Disciplinary Committee that might lead to disciplinary sanctions for the Respondent.
- 18.2. To submit an informal complaint, the Complainant can choose to:
 - a) Fill out the Complaint Form in the CEU *SpeakApp* providing their name and contact details.
 - b) Print out the Complaint Form in Annex 1, fill it out, sign it, and send it in hard copy or scanned electronic version to an Ombudsperson of their choice who will digitize this complaint in the CEU *SpeakApp*.
 - c) Meet an Ombudsperson in person and orally describe the facts. If an oral complaint is made to an Ombudsperson, a Complaint Form in the CEU *SpeakApp* is to be filled out at the same time, printed and signed by the Ombudsperson for the Complainant to keep as proof of their complaint.
- 18.3. Immediately after submitting a complaint, the Complainant will receive a confirmation of receipt, a complaint identification number to use in future contacts, and information about how long it is likely to take for the Complainant to be next contacted.
- 18.4. In all cases, the Complainant can select the Ombudsperson of their preference, who will become the **Designated Ombudsperson**. The Designated Ombudsperson will be responsible for the follow-up of the case. The Complainant can request to exclude other Ombudspersons from handling the complaint.
- 18.5. The Designated Ombudsperson will ask the Complainant if s/he wishes to keep her/his identity confidential. The Complainant (and, if applicable, the person who suffered the alleged harassment) may make a request for confidentiality at any point if s/he does not want her/his identity known to the Respondent and/or the witnesses. The Designated Ombudsperson will make all reasonable attempts to comply with this request and will inform the Complainant if this is not feasible, and the limitations it might impose on certain courses of action.
- 18.6. Submission of an anonymous and/or an informal complaint does not preclude the submission of a formal complaint in the future.
- 18.7. Where a Complainant or the ON considers that Immediate Measures pursuant to Article 25 of this Policy may be required due to the nature of the alleged breach, the Chair of the

Disciplinary Committee shall be notified by the Designated Ombudsperson at the first available opportunity, but no more than one working day after receipt of the information by the ON, for the imposition of such measures pursuant to the Code of Ethics. The imposition of immediate measures does not change the status of the complaint from informal to formal.

Article 19. Informal Complaint Resolution

- 19.1. Once the Complainant has either submitted an Informal Complaint or has contacted an Ombudsperson for an appointment, the designated Ombudsperson shall respond and meet with the Complainant within ten (10) working days. If the Ombudsperson of choice is unavailable in that timeframe, then (s)he shall notify the Complainant and either fix a later date or indicate the availability of another Ombudsperson, per the Complainant's preference.
- 19.2. A second Ombudsperson will be required to join the first meeting with the Complainant if:
 - (a) the Designated Ombudsperson is a student;
 - (b) it is a sexual harassment case, whatever the apparent severity;
 - (c) it is a severe harassment case, particularly those listed in Article 7.1.3 (a), (b) or (c);
 - (d) the Designated Ombudsperson deems it necessary.

These two Ombudspersons receive the title of "**Designated Ombudsteam**". Gender balance will be kept in mind in the selection of the second Ombudsperson.

- 19.3. The Designated Ombudsperson/Ombudsteam will discuss with the Complainant personally or by phone/VOIP details of the complaint, help the Complainant specify the elements of the complaint, and help the Complainant line up evidence to sustain the complaint. They will discuss possible courses of action, informal resolution options, and their implications: counselling and other CEU services, 'shuttle' mediation, mediation or launching a formal complaint, or others.
- 19.4. No action will be taken without the consent of the Complainant, unless the case potentially falls under criminal law, or raises serious concerns about the welfare of a member of the University Community (see Article 19.14)
- 19.5. The Complainant makes an informed decision about the course of action to be chosen and will be supported by the Designated Ombudsperson/Ombudsteam in pursuing the chosen course of action throughout: guiding the Complainant in the choice of action, assisting the Complainant by informing about the next steps.
- 19.6. Two Ombudspersons ("Designated Ombudsteam") will take part in resolution of a complaint (including mediation). Decision will be based on:
 - (a) preferences and/or exclusions communicated by the Complainant,
 - (b) incompatibility or potential conflict of interest, and
 - (c) workload.
- 19.7. An informal resolution may include, but is not limited to, the following:
 - (a) the matter being brought to the attention of the Respondent by the Designated Ombudsteam.
 - (b) the Respondent's supervisor or academic advisor being contacted by the Designated Ombudsteam and asked to help address the situation with the Respondent.
 - (c) dialogue with affected persons (either jointly or separately) by the Designated

Ombudsteam.

- (d) referrals to campus services by the Designated Ombudsteam.
- (e) administrative accommodations (such as adjusting class schedules, changing sections, housing assignments, waiving a fee, etc.) suggested by the Designated Ombudsteam;
- (f) voluntary in person or 'shuttle' mediation conducted by the Designated Ombudsteam.
- (g) verbal cautions or warnings to the Respondent by the Designated Ombudsteam about the undesirability of a certain conduct.
- (h) voluntary acts of contrition by the Respondent such as:
 - 1. voluntary apology or acts of service to the Community,
 - 2. collaborative agreement on behavioural or institutional changes,
 - 3. voluntary training, educational, mentoring or coaching sessions.
- (i) other non-disciplinary interventions suggested by the Designated Ombudsteam.

These informal resolutions are only applicable to incidents in which the Respondent is a member of the CEU Community. Resolutions in cases involving Externals or Contractors are detailed in 19.9 and 19.10.

19.8. Mediation

19.8.1. Mediation is always voluntary, and participants can request to end the mediation at any time.

19.8.2. If mediation is the chosen means of resolution, in-person or shuttle mediation is conducted between the Complainant and the Respondent, depending on the preference of the Complainant.

19.8.3. If in-person mediation is attempted, the person who suffered the alleged harassment can decide to meet with the Respondent together with an Ombudsperson of their choice to discuss the situation, identify the unwanted behaviour, its consequences for the Complainant and make it clear that the behaviour must cease. The Ombudsperson will help the Complainant prepare for this meeting. This course of action cannot be used if the Respondent is in a hierarchically superior position to the Complainant.

19.8.4. In the alternative, the Designated Ombudsteam will meet separately with the Respondent and the Complainant to seek an informal resolution ("shuttle mediation").

19.8.5. Possible outcomes of mediation are:

- (a) agreement to the satisfaction of both parties,
- (b) partial agreement – expectations of the Complainant are only partially met,
- (c) no agreement – no solution that is satisfactory to the Complainant is reached, or the Respondent refuses to take part in a mediation process, or the Respondent rejects or refutes the complaint.

19.9. If a complaint is filed against a Contractor, resolution of the complaint may be limited to the Designated Ombudsperson reporting the alleged incident to the appropriate party, and/or consult with CEU Legal Counsel on other possible measures, such as for example notifying the individual that they are not permitted on the University Premises.

19.9.1. CEU contracts with contractors will include a clause on the applicability of this Policy. Contractors will have to undertake due action within their organization against alleged perpetrators for protecting victims.

- 19.9.2. If a complaint reaches the ON against a Contractor, they will notify the COO who will inform the contractor. ON will be available to provide guidance on handling the case
- 19.10. If a complaint is filed against Externals, resolution of the complaint may be limited to the Designated Ombudsperson reporting the alleged incident to the appropriate party. The Designated Ombudsperson, in consultation with the Disciplinary Committee and University Counsel (as required) shall identify whether it is possible to take any action, in light of the identity of the External and proceed accordingly.
- 19.11. Any resolution of the informal complaint procedure shall be reached within 30 days of the first substantial meeting of the Complainant with the Designated Ombudsperson. All outcomes resulting in an agreement between the Complainant and Respondent must be signed by both and electronically stored in the CEU *SpeakApp* database. Any breach of the terms of this agreement may result in a further informal or formal complaint of harassment. If the outcome does not include any agreement, the Designated Ombudsperson must also record the outcome electronically in the CEU *SpeakApp* database.
- 19.12. A successful informal resolution does not constitute a finding of harassment. However, any conduct admitted to by the Respondent in the informal procedure or its resolution can be considered in a formal procedure that involves the same Respondent. Additionally, the fact that a complaint was filed, and an informal resolution was reached can be used in another formal procedure that involves the same Respondent.
- 19.13. If the informal resolution process comes to no agreement between the parties, the Complainant can request to take no further action or can request that the complaint be investigated through the formal complaint procedure by the Disciplinary Committee.
- 19.14. Referring the Case to the Disciplinary Committee
- 19.14.1. The ON can transfer the case to the Disciplinary Committee if:
- a. An informal resolution is not possible either because of the severity of the case (see Article 19.4). If the Complainant does not consent to the transfer of the case to the DC, the case can be transferred anonymously to be taken forward by the Disciplinary Committee.
 - b. Unsatisfactory or no informal agreement has been reached. In this case, transfer only takes place with the consent of the Complainant.
- 19.14.2. Cases involving potential criminal liability (Austrian or Hungarian) will always be transferred to the Disciplinary Committee.
- 19.14.3. Where a complaint is transferred to the Disciplinary Committee, it shall follow its ordinary review procedure per the Code and this Policy.
- 19.15. The Complainant and Respondent must be informed of all actions taken by the Designated Ombudsteam under the informal resolution procedure of the specific case.
- 19.16. Providing support throughout
- 19.16.1. The Designated Ombudsteam provides support to the Complainant throughout the process, including if the Complainant decides to move to a formal complaint, and following the outcome of any formal complaint.
- 19.16.2. The Designated Ombudsteam shall refer the Complainant to appropriate institutional support services with their consent.

Article 20. Formal complaint

- 20.1. In order to submit a formal complaint, the Complainant can choose to:
 - (a) Fill out the Complaint Form in the CEU *SpeakApp* providing their name and contact details and have it directly submitted to the Disciplinary Committee;
 - (b) Print out the Complaint Form in Annex 1, fill it out, sign it, and send it to the Disciplinary Committee who will digitize this complaint in the CEU *SpeakApp*;
 - (c) Ask for the support of an Ombudsperson to fill out the Complaint form as above.
- 20.2. A formal complaint under Article 20.1 can be filed by the Complainant within 15 working days after an informal complaint procedure had resulted in a partial agreement or in no agreement.
- 20.3. If the Complainant considers that the Respondent has not followed the mediation agreement, the Complainant can file a formal complaint under Article 20.1.
- 20.4. Formal Complaints will be dealt with by the Disciplinary Committee directly.

Article 21. Formal Procedure

- 21.1. The formal procedure shall be conducted pursuant to the procedures described for complaints in Part V of the Code *mutatis mutandis*.
- 21.2. In cases involving allegations of harassment, a fact-finding team composed of two members of the Disciplinary Committee named by the chairperson of the Disciplinary Committee and who have received training in investigating harassment complaints shall carry out the fact-finding. In selecting members of the fact-finding team, regard will be given to the nature of the complaint and relevant diversity considerations.
- 21.3. In investigating violations of this Policy, the DC Chair may ask the ON for previous records of informal complaints against the Respondent. Anonymous disclosures against the Respondent can only be made available to the DC Chair if they are 3 (three) or more. The DC Chair may also request the ON to provide any materials filed by the Complainant.
- 21.4. In sexual harassment investigations undertaken by the Disciplinary Committee, the Committee will follow their Investigation plan for Sexual Harassment Complaints, which shall be available on the CEU website and shall be provided to all Parties. Basic principles guiding all Committee investigations are:
 - (a) Investigations will be undertaken as promptly and thoroughly as possible.
 - (b) The Fact Finders are neutral and proceed on the basis of the presumption of innocence.
 - (c) For sexual harassment complaints, both Fact Finders are present at all interviews.
 - (d) The Committee is conscious to avoid any potential re-traumatization. The Parties will be invited to bring a support person with them to interviews and any hearing.
 - (e) Investigations are conducted on the presumption that there are no cases that cannot be determined – it is not ‘he said, she said’ – the responsibility of the fact finders is to analyse the facts, assess credibility and come to a determination to present to the Committee.
 - (f) The standard of proof is ‘on the balance of probabilities’. That is, the allegations are ‘more likely than not’ to have occurred, with due regard for the requirements of the Policy.
 - (g) Written/typed notes are taken for all interviews.
 - (h) Any material obtained (text messages, screen shots, emails) is saved and secured

(according to the GDPR rules) in the confidential Committee folder.

- 21.5. The ON will be available to provide expertise to the Disciplinary Committee for cases of harassment or sexual harassment.
- 21.6. A anonymised report of every harassment or sexual harassment case addressed by the Disciplinary Committee (including any subsequent appeal to the Grievance Committee) will be recorded in the *SpeakApp* database.

Article 22. Disciplinary Measures

Any Student, Employee, Contractor, External or Other found to have violated this Policy by engaging in conduct constituting harassment or sexual harassment will be subject to appropriate disciplinary action, which may include oral, written reprimand, expulsion, suspension or other measures that may be imposed pursuant to applicable law and the Code.

Article 23. Remedies

The University may offer remedies which it deems appropriate to the individual or individuals harmed by the harassment or sexual harassment. Such remedies may include, in case of Students, alternative grading and academic decision-making, in order to protect Students from the threat of academic reprisal, counselling, an opportunity to repeat course work without penalty, or other appropriate interventions, in case of Employees, promotion, reinstatement, back pay, counselling or other appropriate interventions. The Disciplinary Committee may make recommendations to the University on the nature of the remedies that may be appropriate in the circumstances.

Article 24. Time Limits

- 24.1. All complaints of harassment should be filed as soon after the offending conduct as possible, but no more than two years after the most recent conduct alleged to constitute harassment. In cases of sexual harassment, the time limit for reporting is three years since the incident.
- 24.2. CEU's two-year time limit on the filing of claims of harassment, and three-year time limit on the filing of claims of sexual harassment for which formal procedures may be used is intended to encourage complainants to come forward as soon as possible after the offending conduct and to protect Respondents against complaints that are too old to be effectively investigated. Further delay may make addressing the harassment difficult as witnesses may no longer be able to recall events, witnesses may have gone on to other programs or employment, corroborating evidence may not be available, and/or intervening events may have occurred.

Article 25. Immediate, temporary or urgent measures

- 25.1. Immediate, temporary or urgent measures may be imposed by the Disciplinary Committee, where necessary in consultation with CEU's Legal Counsel, in case of a suspected violation of the Policy by Students, Employees, Contractors, Externals or Others. Immediate measures are listed in Annex 5 of the Code. The procedures in relation to immediate measures shall be conducted pursuant to the procedures described for immediate measures in Part II of the Code *mutatis mutandis*.
- 25.2. Besides the immediate measures listed in Annex 5 of the Code, any necessary interim steps (e.g. reassignments, change in academic schedule) may also be imposed by the Disciplinary Committee to protect an alleged victim of harassment. The procedure set out in Part II of the Code shall be followed in the case of such interim steps, as required.

Section IV. OMBUDSPERSONS NETWORK

Article 26. Ombudsperson Network

CEU establishes an Ombudspersons Network (ON) with the following objectives:

- a. to strengthen the framework of support for the University Community, Contractors and Externals who feel they have been subject to, or have witnessed, harassment or sexual harassment;
- b. to provide a mechanism by which complaints can be addressed in a timely and non-adversarial manner;
- c. to provide multiple entry points to complainants in order to facilitate coming forward with their complaint;
- d. to provide a venue for recording and monitoring anonymous disclosures of harassment and sexual harassment, which can serve the identification of institutional patterns and prevention of further harassment;
- e. to facilitate the operation of a policy framework for systematically recording and monitoring sexual and other harassment at CEU.

Article 27. Composition and Appointment of the Ombudspersons Network

- 27.1. To secure “multiple access points” for complainants, the ON will include 5 Ombudspersons. The ON will mirror diversity within the University Community in terms of genders, race/ethnicity, age and status within the community (administrative staff, academic staff, students).
- 27.2. Ombudspersons can be nominated by Employees and Students or self-nominated.
- 27.3. Ombudspersons will be appointed by the Senate for a period of 3 years with a possibility of renewal for a second term. In the process of appointment, the Senate will consult with the Equal Opportunity Committee and the Gender Equality Officer to request expert advice on the suitability of the candidates.
- 27.4. The Gender Equality Officer may coordinate the activity of the group and allocate cases within the ON as needed.
- 27.5. The Gender Equality Officer oversees the work of the ombudspersons to ensure that they are working in a manner compatible with the purpose and procedures of this Policy.
 - 27.5.1. Where the Gender Equality Officer is concerned that an Ombudsperson is failing in their duty and/or acting in a manner incompatible with this Policy, they will bring this to the attention of the Chair of the Disciplinary Committee.
 - 27.5.2. Any member of the CEU Community, including another ombudsperson, may contact the Gender Equality Officer or Chair of the Disciplinary Committee if they are concerned that the Ombudsperson is not undertaking their duties in a manner compatible with this Policy.

27.5.3. The Disciplinary Committee, in consultation with the Gender Equality Officer and ON, may adopt standing rules to elaborate on the procedure to be followed under this article. These should be made publicly available on the CEU website.

27.6. A serving member of the Disciplinary Committee, the Grievance Committee, current University Counsel, the Pro-Rector for Teaching and Learning, the Pro-Rector for Faculty and Research, , or Rector, cannot be an Ombudsperson, given the roles of these individuals in other parts of CEU disciplinary processes.

Article 28. Principles

28.1. The ON provides an independent and neutral review of complaints that are included within the scope of the Policy. The ON is not an advocate for the Complainant or for the Respondent.

28.2. No Complainant will suffer disadvantage as a result of making a complaint to the ON or assisting an ON enquiry. Consequences of retaliation are detailed under the Article 10.

28.3. Confidentiality will be respected. All parties involved in the resolution of a complaint will restrict information about the complaint, including the identities of those involved, to the minimum number of parties who require information in order to resolve the complaint. All materials related to a complaint will be held securely in the *SpeakApp* under password protection and labelled strictly confidential.

28.4. Members of the ON receive mandatory and substantive training in handling harassment and sexual harassment complaints, including in mediation techniques.

- 29.2. The Complainant (and, if applicable, the person who suffered the alleged harassment) may make a request for confidentiality/privacy at any point. This type of request means that the requester does not want her/his identity known to the Respondent and the witnesses. If at any point privacy is requested, the University will make all reasonable attempts to comply with this request, while recognizing that the Respondent may have to learn the identity of the Complainant (and, if applicable, the person who suffered the alleged harassment) in order to be able to defend him or herself effectively and that such disclosure may also be necessary the investigation and adjudication of any claim of harassment. The identity of the complainant will only be revealed after the complainant has been informed .

Every notification of an allegation of harassment whether in writing to *SpeakApp*, in person or via email to the ON, whether with the Complainant's name or anonymous, should be recorded in the CEU *SpeakApp* database in the form of a case report by the Designated Ombdusperson. - 30.4. If a case is transferred to the DC, the report will also include a summary of proceedings and outcomes there, prepared by the DC Chair.

- 30.7. Case reports are stored confidentially in the *SpeakApp* system and used in an anonymized form for monitoring purposes.
- 30.8. After two years from the date of the incident, harassment claims will be deleted from the system and no longer serve as evidence for future allegations. For sexual harassment claims, a three-year rule applies, in consistency with article 24.1.

Article 31. Data Access

- 31.1. A GDPR-compliant privacy notice will be available for those who wish to make a complaint so to make clear to them what happens with the data they share during the entire process.

The record of the complaint, as well as the email requesting the withdrawal, will be kept.

Annex 2

Template of notification (designed by Legal Team)

NOTIFICATION OF Anonymously REPORTED ALLEGATIONS OF HARASSMENT

To the attention of: (....)

Unit/Department: (...)

Dear (...),

This is to inform you that we have received three separate anonymous disclosures regarding possible harassment. In these three reports you were named as the alleged perpetrator. Please see below the relevant rules on Anonymous disclosures.

“Article 16. Anonymous disclosures

16.1. Anonymous disclosures are intended to operate as signals towards CEU in cases when potential complainants do not feel comfortable to reveal their identity but would like to facilitate the identification of patterns of harassment. Such disclosures will be monitored by the Ombudspersons Network (ON) in order to prevent future harassment from occurring.

16.2. The person making the disclosure must fill out the Complaint Form in the CEU SpeakApp without disclosing their name, identifying the nature of the alleged harassment and the person alleged to be the harasser. The CEU SpeakApp is a secure and confidential method for informing the ON about any experience of harassment.

Article 17. Ombudspersons Network action based on anonymous disclosures

17.1. When three anonymous disclosures against the same person have been submitted, the ON will notify the alleged perpetrator with a template annexed to this Policy (Annex 2).

17.2. Individual anonymous disclosures will not normally serve as basis for investigative procedures and/or disciplinary sanctions. Exceptionally, severe cases (e.g. those potentially falling under criminal law) may require action from CEU ON and possibly the Disciplinary Committee to protect the interests of the University Community.”

Please see below the short summary of disclosures we have received:

[...all cases shall be specified separately]

CEU is strongly committed to preventing and combating all types of harassment and takes all complaints seriously.

The CEU Harassment Policy defines Harassment in Article 7.1.

7.1.1 For the purposes of this Policy, harassment is a conduct which, because of its severity and/or persistence:

- is likely to violate another person's dignity;
- has the purpose or effect of creating an offensive, degrading, intimidating, or hostile environment; and/or
- has the purpose or effect to interfere significantly with an individual's ability to participate in, and/or benefit from, their educational or working environment by negatively affecting the person physically and/or emotionally.

Sexual harassment is a particular form of harassment described in Article 7.2.

Please be aware that in case the repetition of any such behaviour proved to be well-founded, it may lead to a disciplinary proceeding under the relevant CEU Policies.

"Article 22. Disciplinary Measures

Any Student, Employee, Contractor, External or Other found to have violated this Policy by engaging in conduct constituting harassment or sexual harassment will be subject to appropriate disciplinary action, which may include oral, written reprimand, expulsion, suspension or other measures that may be imposed pursuant to applicable law and the Code."

The purpose of this notification is solely to inform you, in accordance with the relevant procedural provisions of the CEU Policy on Harassment, that you have been identified as alleged harasser. These cases have not been investigated, and therefore no harassment or any other behaviour in breach of CEU policies has been established. As per the CEU Policy, *"Individual anonymous disclosures will not normally serve as basis for investigative procedures and/or disciplinary sanctions."*

We understand that false accusations of harassment can have serious effects on innocent persons, therefore we handle these disclosures with special reserve and caution, which is why they are not ordinarily the basis for investigations to commence.

The members of the Ombudspersons Network are available for discussion and guidance.

Sincerely yours,

[...]
